“Compassionate 24-Hour Emergency & Specialty  
Vet Care For Your Best Friend!”

NOW HIRING (October 2016):

## EXPERIENCED SMALL ANIMAL REHABILITATION PRACTITIONER

### Opportunity

Are you a positive, experienced, hard-working rehabilitation practitioner (CCRP/CCRT/CCRA) who would enjoy working in a progressive, family-owned, referral veterinary hospital alongside other dedicated and talented professionals? Does working closely with management and other specialists who appreciate the benefits of rehabilitation to help shape, market, and grow an innovative program appeal to you? Would you like to work in a new, state-of-the-art facility, including a fully-equipped rehabilitation room? If so, we have the perfect team for you!

### About Us

Animal Emergency & Specialty (AES) is a non-corporate, 24-hour, small animal emergency and specialty hospital, located in picturesque Kirkland, Washington (<http://youtu.be/XdIlkxLVVrg>). We have been in business for over 30 years and recently moved into our beautiful, new, 6000+ SF facility. AES offers emergency/critical care, surgical, radiology, and rehabilitation services. Pet parents and family veterinarians trust AES to provide compassionate, personalized patient care and outstanding customer service. We offer a collegial, collaborative work environment.

### Rehabilitation Services

AES has a dedicated rehabilitation room, including an Oasis underwater treadmill. We are fully equipped to offer the following services: therapeutic massage, hydrotherapy and swimming, therapeutic exercise, electrical stimulation, therapeutic ultrasound, and Class IV laser therapy.

### Qualifications & Job Duties

The qualified applicant will have a minimum of three years of experience with increasing responsibility in animal rehabilitation. Certification in canine rehabilitation, acupuncture, fitness training, and/or manual therapy is preferred. The ideal candidate will not only have strong interpersonal skills and in-depth clinical knowledge, but will also possess sharp business acumen to help grow our existing clientele. The ability to work well with others and demonstrate leadership is essential. Day-to-day responsibilities may include:

- Develop comprehensive rehabilitation modalities in close collaboration with the practice owner and other specialists;
- Provide recommendations on pricing of services and equipment purchases;
- Help set program budget, goals, and marketing strategies and materials;
- Formulate and coordinate program schedules in conjunction with other hospital services;
- Offer consultations, perform examinations, and design treatment plans (if appropriate);
- Educate clients, referring veterinarians, and team members on the benefits of rehabilitation through written materials and presentations;
- Directly perform rehabilitation services;
- Train and supervise others providing rehabilitation services (if appropriate); and
- Other duties as assigned.

### Compensation & Benefits

Compensation is dependent upon experience and qualifications, including educational background. AES offers highly-competitive wages and comprehensive benefits, to include medical, dental, hearing, and vision insurance; paid time off; employer-matched retirement account; continuing education, licensing, professional membership, and uniform allowances; pet care discounts; and more! AES is an equal opportunity employer.

### How to Apply

Qualified applicants are encouraged to email a cover letter and résumé to Kathie O'Hanlon, Hospital Administrator, at <mailto:kathie@aesvets.com>. No telephone inquiries, please.
